Dear Mr. Kramer:

On behalf of City Managers/Administrators Committee Chair Paul Arevalo (West Hollywood City Manager) and members of the committee, I want to thank you for speaking before our group today.

Your remarks and answers in the Q & A were extremely helpful to our city officials in helping them navigate the new world of digital and video communications. Considering the many questions that were asked of the three speakers, it is clear this topic will continue to be of prime importance to our elected and appointed city officials for the next several years.

Once again, thank you for an excellent presentation.

Sincerely,

  
Sam Olivito  
Executive Director
